

2021 Annual Report

TEXASBRANDBANK

#### DEAR SHAREHOLDERS,

For our shareholders, 2021 was best described by Frank Sinatra in his 1965 Grammy winning song (originally written by the Kingston Trio in 1961) – "It was a very good year."

The year began full of hope due to the creation of multiple new Covid-19 vaccines. February brought us the Snowpocalypse, which brought our state to a standstill for over a week and repercussions lasting for months. Most adults were vaccinated by early summer, and the country became optimistic for the first time since the pandemic began. Unfortunately, inflation began to rise in the latter part of 2021, to the highest level in 40 years. Due to concerns about even more inflation, Congress was unable to agree on additional stimulus or support for the country. Finally, the end of the year brought us the Omicron virus, which thankfully has proven to be much less severe than prior variants. Despite all of these crosscurrents, Texas Brand Bancshares, Inc., and Texas Brand Bank, as mentioned above, had a very good year. We are pleased to announce a year of record earnings and significant growth.

We continue to grow our loans, deposits and assets as Americans continue to be less and less willing to endure banking with large, impersonal banks. These new customers, along with our existing customer base, drove capital, earnings, and dividends to record levels.

At the same time, Texas Brand Bank continued to execute its long-time business plan. We are happy to be a community bank in the strong Metroplex economy.

GROWTH - Year-end assets increased
12.4% to \$345,000,000. Deposits were up
12.5% to \$307,000,000, while our loan
portfolio increased 13.2% to \$266,000,000.
As expected, while significant, these
growth levels were lower than
in the past year; however, as we have
previously communicated, the lower growth
is primarily a result of the fact that our
results in the fourth quarter of 2020,
as well as those at virtually all banks,
were stil inflated due to
Paycheck Protection Program loans.

Also noteworthy, while we had \$37,000,000 of PPP loans on December 31, 2020, those loans had declined to \$17,000,000 at year end 2021. Without that difference, our loans were up substantially in 2021. We anticipate continued strong growth in 2022 and believe our growth will return to historic levels.

CAPITAL - Our capital to assets ratio, considered by many the primary indicator of bank strength and solvency, was 10.25% at year end, significantly above "well capitalized" regulatory requirements. Despite our strong capital ratio, our after-tax return on equity from continuing operations was 17.5%. Return on average assets was 1.75%. Total capital rose to \$35,370,000.

# "It was a very

EARNINGS - Earnings were up sharply in 2021, rising 102% over 2020. While our earnings were clearly positively impacted by PPP fees, we are pleased to note that earnings net of PPP fees grew a strong 31.5% over 2020. We still have significant fees to recognize in 2022, albeit less than half of 2021. While economic stress and supply chain issues could impact our results, we are optimistic and are projecting continued strong earnings in 2022.

ASSET QUALITY - For the sixth consecutive year, we had no real estate foreclosures, no non-performing loans, and no past due loans at year end, reflecting the strength of our local market and our continuing focus on credit quality. Net loan losses for the past six years are likewise nil. While we are happy to continue this success, we know that it is only a matter of time before we will need to report less positive results.

DIVIDENDS - We continued to pay quarterly dividends, which were increased mid-year to 20% of our net earnings, resulting in regular quarterly dividends totaling \$772,000 to our shareholders. We also paid a special annual dividend of \$967,000, in recognition of extraordinary earnings. We have now paid dividends for 26 consecutive quarters.

expansion - Our Bishop Arts office will open in mid April, completing our strategy of having offices located north, east, south and west of downtown Dallas, along with our original location in the Garland market. Please visit our new location if you are in the area. Our business model of offices in rebuilding urban neighborhoods that do not have a banking presence has served us and our shareholders well.

THE FUTURE - While noting the challenges that remain from COVID-19, inflation, supply chain issues and continuing global tension, we remain focused on the future. We are optimistic that our new offices and business plan will continue to add growth and profitability in 2022 and the years to come.

We believe that community banks are one of the many reasons that America is the economic powerhouse of the world and ask for your continued support.

Please visit us for your banking needs, and refer your family, friends, and business acquaintances to us as well.
